

# The Smart Solution for School Safety and Compliance

Keenan SafeSchools is an online safety training and tracking system designed specifically for school employees. Unlike other safety training resources, Keenan SafeSchools is 100% school-focused content. The online training modules address safety related topics relevant to the occupational hazards that your school faculty face, instead of generic content about factory worker concerns.

## Courses include:

- Emergency Management (Active Shooter on Campus, Tactical Site Surveys, Building an Emergency Plan, Aftermath of Tragedy, etc.)
- Employment Practices/Supervisory (Sexual Harassment AB 1825)
- Environmental (Cal/OSHA Compliant Haz Com, IIPP, etc.)
- Health (BBP, Concussion Awareness, etc.)
- Human Resources (Conflict Management, New Hire Orientation, Workplace Bullying)
- Security (Arson Awareness, Crime Prevention, Safety Basics for Security Staff, School Intruders, Visual Weapons Screening, etc.)
- Social and Behavioral (Bullying Prevention, Child Abuse and Mandatory Reporter, Gang Awareness, Youth Suicide, etc.)
- Special Education
- Transportation

## Benefits of Keenan SafeSchools:

- Easy to administer online.
- Generates automatic e-mail notification and reminders.
- Real-time results are tracked and administrative reports are delivered right to your inbox.
- Customer results have demonstrated that it reduces injuries and in-service training time, while increasing safety and compliance.

Simplify your staff training and policy acceptance administration with the Keenan SafeSchools Online Staff Training System.
